12. **The Right Connection** (<http://connection.misd.net/mental.html#collapse2-9>)

Situation: A youth is experiencing a mental health emergency.

(A situation is considered a mental health emergency when an individual is at direct and immediate risk of seriously harming him/herself or someone else; if a person’s symptoms of mental illness are active and s/he is unable to care for her/himself; or is unable to understand the need for treatment and these conditions can be reasonably expected to result in harm).

If a youth is experiencing a psychiatric/behavioral health emergency, go immediately to the nearest hospital with a psychiatric care unit. Hospitals contracted with CMH to provide emergency services:

Harbor Oaks Hospital, New Baltimore	35031 23 Mile., New Baltimore, MI 48047	(586) 725-5777	Ascension St. John Hospital - Detroit:	22101 Moross Rd, Detroit, MI 48236	(313) 343-7000
Behavioral Center of Michigan, Warren	4050 East 12 Mile, Warren, MI 48092	(586) 261-2266	Ascension Providence Hospital - Southfield	16001 W Nine Mile, Southfield, MI 48075	(248) 849-3000
Ascension St. John Hospital - Warren	11800 Twelve Mile, Warren, MI 48093	(586) 573-5244	Havenwyck Hospital, Auburn Hills	1525 University, Auburn Hills, MI 48326	(248) 373-9200
Henry Ford Kingswood Hospital, Ferndale	10300 Eight Mile, Ferndale, MI 48220	(248) 398-3200	Stonecrest Center, Detroit	15000 Gratiot, Detroit, MI 48205	(313) 245-0649

If the youth is experiencing a mental health emergency and there is a question about whether to go to the hospital, call the Macomb County Crisis Center, (586) 307-9100.

In some situations, hospital care may be needed to stabilize a crisis. Hospital care may be needed if a person is at immediate risk of harming him/herself or someone else, or if the person's lack of understanding about the need for treatment places him/her at immediate risk of harm (e.g., a person makes a threat to hurt themselves or someone else, the person stops bathing or eating, if they stop taking medications to manage a psychiatric condition, or taking excessive risks).

If you think hospital care may be needed, or if you aren't sure, call CMH Access Center and speak to the Open Access Coordinator. They will help arrange hospital care if it is needed.

Situation: A youth with Medicaid or no insurance needs a same-day mental health appointment.

Same-day mental health services (assessment and coordination of services) for Macomb County residents who have Medicaid or no insurance, (medication, therapy, crisis response, family support, links to resources and help to access ongoing mental health and substance abuse treatment). Walk-in appointments are available Monday - Friday from 10:00 AM - 3:00 PM at two locations: FIRST Southeast, 25401 Harper, St. Clair Shores and FIRST North, 43740 Groesbeck, Clinton Township. For the option of being seen that day, call the CMH Access Center - Open Access, (586) 948-0222.

There are many other resources available at the website listed at the top of this referral. Please check out the site if you require other assistance for youths or for adults as well.
